Reception and Conference Dinner

Barber-Surgeons' Hall
Monkwell Square
London EC2Y 5BD

Ideally located in the City just off London Wall, the Barber-Surgeons' Hall was first established in 1430. It was subsequently destroyed by the Great Fire in 1666 and a further tragedy occurred in 1940 when the Hall was completely destroyed by an air raid. These disasters paved the way for the building of the present Hall, which was opened in 1969 by Her Majesty Queen Elizabeth, the Queen Mother. The Great Hall, where our dinner will be held, although of a stunning modern design, is steeped in the history of the Livery Company. Transport will be provided.

After dinner speaker

Sir Bernard Crick *Emeritus Professor of Politics at Birkbeck College, London. Former advisor on Citizenship to the Department for Education and Skills on Citizenship Naturalisation and Integration for the Home Office*

Dinner ticket price £80

Entry to the dinner is by ticket only and tickets are subject to availability; please book early to avoid disappointment. Dinner ticket reservations cannot be guaranteed unless payment is received on or before 9 November.

International Bar Association

the global voice of the legal profession

International Bar Association
the global voice of the legal profession

The **International Bar Association (IBA)**, established in 1947, is the world's leading organisation of international legal practitioners, bar associations and law societies. The IBA influences the development of international law reform and shapes the future of the legal profession throughout the world. It has a membership of 30,000 individual lawyers and more than 195 bar associations and law societies spanning all continents. It has considerable expertise in providing assistance to the global legal community as well as being a source of distinguished legal commentators for international news outlets.

Grouped into two divisions – the **Legal Practice Division** and the **Public and Professional Interest Division** – the IBA covers all practice areas and professional interests, providing members with access to leading experts and up-to-date information. Through the various committees of the divisions, the IBA enables an interchange of information and views among its members as to laws, practices and professional responsibilities relating to the practice of business law around the globe. Additionally, the IBA's high-quality publications and world-class conferences provide unrivalled professional development and network-building opportunities for international legal practitioners and professional associates.

The IBA's **Bar Issues Commission** provides an invaluable forum for IBA member organisations to discuss all matters relating to law at an international level.

The IBA's **Human Rights Institute** works across the Association, to promote, protect and enforce human rights under a just rule of law, and to preserve the independence of the judiciary and the legal profession worldwide.

Other institutions established by the IBA include the **Southern Africa Litigation Centre** and the **International Legal Assistance Consortium**.

The Immigration and Nationality Law Committee

The Immigration and Nationality Law Committee is concerned with all aspects of immigration and nationality law on a worldwide basis, including business-related immigration, family reunion policies, refugees and compassionate cases. The Committee aims to provide a forum for the discussion of comparative data on immigration and nationality policies of countries worldwide.

The mission and focus of the Committee is to provide updates on immigration law for lawyers in their own country. The Committee also allows lawyers to input themselves and provides insight on procedures on immigration law in other jurisdictions. We achieve this by holding annual conferences and presentation of papers, newsletters and providing other online resources to enhance the knowledge of its member in multiple jurisdictions.

Forum Overview

The European Forum (EF) was established in 1989 to provide a focus for the work carried out by the IBA, with lawyers in Europe developing their practice under changing legal systems, and also to act as a channel for IBA communication with the Bar Associations of these local lawyers.

Regional Conferences and Roadshows, discounted legal publications and Conference proceedings, and Newsletters also provide lawyers from other countries with up-to-date information on legal developments in the region on issues such as Russian Law in Transition - the International Perspective, and Language and the Law - the Clash of Legal Cultures in Central and Eastern Europe.
